Report on Research Methodology Workshop

Date of Event: 28th March 2023

Organized by: Sarat Centenary College

Number of Participants: 65

Event Overview: On 28th March 2023, Sarat Centenary College conducted an extensive workshop on Research Methodology. This event aimed to deepen participants' understanding of research methodologies and to provide practical skills for conducting robust and ethical research.

Objectives:

1. To introduce participants to various research methodologies, including both qualitative and quantitative approaches.
2. To enhance participants' skills in designing and implementing research projects.
3. To facilitate practical learning and discussion on research techniques and best practices.

Agenda:

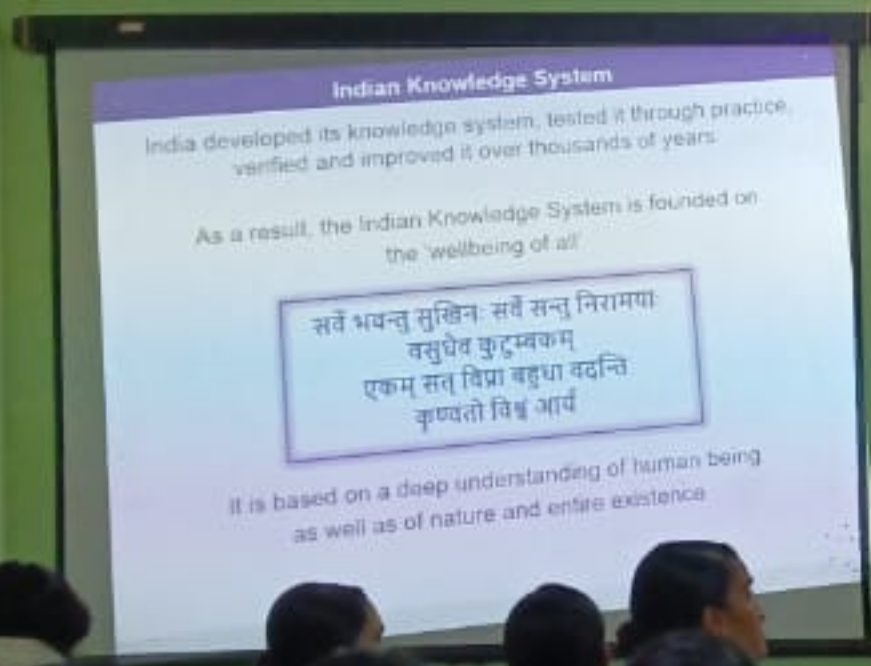

1. **Welcome and Opening Remarks:** The workshop began with a welcome address from the Principal of Sarat Centenary College. The Principal, Dr. Sandip Kumar Basak highlighted the significance of research methodology in academic and professional settings.
2. **Session 1: Introduction to Research Methodology:** This session provided a foundational overview of research methodology, covering topics such as research design, hypothesis formulation, and data collection methods.
3. **Session 2: Qualitative and Quantitative Research Methods:** The session offered a comparative analysis of qualitative and quantitative research methods, discussing their respective advantages, limitations, and applications in different research scenarios.
4. **Session 3: Research Design and Data Analysis:** Participants learned about designing effective research studies and analysing data using various statistical tools and software. This session included practical examples and case studies.
5. **Interactive Discussion and Q&A:** An interactive discussion allowed participants to share their experiences and ask questions. This was followed by a Q&A session where experts provided clarifications and advice on research-related queries.

Outcomes: Sarat Centenary College extends its sincere gratitude to the facilitators, speakers, and all 65 participants for their enthusiastic participation and contributions to the success of the workshop. Special thanks are also due to the organizing committee for their efforts in planning and executing a highly effective and engaging event.

Indian Knowledge System

India developed its knowledge system, tested it through practice, verified and improved it over thousands of years

As a result, the Indian Knowledge System is founded on the 'wellbeing of all'

सर्वे भवन्तु सुखिनः सर्वे सन्तु निरामया
वसुधैव कुटुम्बकम्
एकम् सत् विप्रा बहुधा वदन्ति
कृण्वतो विश्वं आर्यं

It is based on a deep understanding of human being as well as of nature and entire existence

Difference between Primary and Secondary Data

Basis for Comparison	Primary Data	Secondary Data
Meaning	Primary Data refers to the first hand data gathered by the researcher himself.	Secondary data means data collected by someone else earlier.
Data	Real time data.	Past data.
Process	Very involved.	Quick and Easy.
Source	Surveys, Observations, experiments, personal interviews.	Government publications, websites, books, journals, articles etc.
Collection Type	Long	Short
Cost Effectiveness	Expensive	Economical
